Attention: Mr. Ross Wallace
District Operations Manager

Re: Compliance with Provincial Officer's Order 5830-6Z2PPW
Ottawa Waste Management Facility, 2301 Carp Road
Waste Management of Canada Corporation

Waste Management of Canada Corporation was issued Provincial Officer's Order 5830-6Z2PPW on May 11, 2007 (confirmed by Director's Order 5830-6Z2PPW-1 on May 25, 2007) to conduct assessments and take measures to address the ongoing odour emissions to the surrounding community from their landfill site located at 2301 Carp Road, City of Ottawa. Including, but not limited to the following items, the Order required Waste Management of Canada Corporation to hire experts to re-evaluate all sources of odour emitted from the site, to test the air around the landfill to ensure ministry standards are being met, to enhance operation, maintenance and inspection procedures, and to develop a contingency plan if the measures taken to address the odour emissions from the site were not successful.

I confirm that Waste Management of Canada Corporation complied with the submission and website posting requirements of Provincial Officer Order 5830-6Z2PPW.

If you have any questions or concerns you may contact me at 613-521-3450 extension 227.

Thank you,
